

Michael A. Assante has over 15 years experience in the Hedge Fund industry. At Beryl, Mr. Assante is in charge of hedging overlay and structuring equities options strategies for clients.

Mr. Assante started his investment management career as a financial analyst at Citibank. After completing his MBA, he joined LibertyView Capital Management (a Neuberger Berman/Lehman Brothers owned Hedge Fund) as an analyst in 1993. As a volatility portfolio manager, he was responsible for all facets of idea generation, execution, and risk management within his particular strategy. He consistently generated above market risk adjusted returns between 1999 and 2008. He also planned, orchestrated, and helped market the firm's launch of the LibertyView Volatility fund and the LibertyView Health Sciences Fund, both with core investment mandates to derive absolute returns through exposing arbitrage within market volatility. In addition to delivering solid annualized returns as a senior portfolio manager and proprietary trader, he has considerable experience designing hedges and managing overlay programs for large fund of funds.

Mr. Assante received his MBA from NYU's Stern School of Business with a concentration in Finance and a BA degree in Economics from Georgetown University.
